12. Permission to Publish																				
Permission is hereby granted to release and publish the above stated classification for use by State and Local milk control authorities and prospective purchasers.																				
It is understood and agreed by the undersigned that the official State Milk Certification Rating Agency may review and appraise the single-service fabricating plant at any time during the period of time the above classification is in effect. It is further understood that failure to maintain the above classification will subject this plant to delisting. We will notify the State Milk Certification Rating Agency of any significant changes in the operation of this plant.
